Ribbon Dispenser (75% Scale)

Pocket for 6mm ribbon on a 7 1/4" diameter reel.

GryphonArt.co.uk

✂ ——— Cut along dotted lines

See table for score line measurements

Create 2 of these per ribbon reel

**RIBBON DISPENSER POCKET CUMULATIVE MEASUREMENT SCORE LINES
(Uses one piece of A4 card per pocket - Score Left to Right)**

A4	Portrait (Trim back to 8" wide). Cut	¼"			
	Portrait (Score on wrong side – check any straight line patterns are square to the edge of the card.)	¾"	7⅝"		
	Turn anti-clockwise to Landscape	2⅛"	5⅝"	6"	9½"
	<p>Fold and crease along all score lines.</p> <p>Completely cut away corners, removing fold lines (x4)</p> <p>Cut along dotted lines to create tiny flaps.</p> <p>Stick down the large flaps (2⅛") to the inside of the pocket. (The function of these is to reinforce the edge of the pockets).</p> <p>Stick each tiny flap to the inside of one the longer side flaps to start to form the pocket.</p> <p>Stick the remaining side flaps down to complete the pocket.</p>				

Ribbon Dispenser (75% Scale)

Sleeve back for 6mm ribbon on a 7 1/4" diameter reel.

7 1/4" x 7 1/4"

Back-CUT 1

Ribbon Dispenser (75% Scale)

Sleeve for 6mm ribbon on a 7 1/4" diameter reel.

GryphonArt.co.uk

See table for score line measurements

RIBBON DISPENSER SLEEVE CUMULATIVE MEASUREMENT SCORE LINES
(Uses two pieces of A4 card per sleeve, but only one piece needs scoring - Score Left to Right)

A4	Portrait (Trim back to 7¼" wide). Cut	1"			
	Landscape (Score on wrong side – check any straight line patterns are square to the edge of the card.)	1¾"	2⅛"	9½"	9⅞"
	<p>Fold and crease along all score lines.</p> <p>Join long front section to back, overlapping the ends to the nearest fold line. (Glue goes on the outside / right side of long section and on the inside / wrong side of the smaller square section of card).</p> <p>Place the ribbon reel inside the pockets and then place this inside the sleeve, before repeating the above glue process to finish off the sleeve. The fitting is done in situ, because the sleeve must not be too tight.</p> <p>Please be aware that if the sleeve is fitted too tightly, the ribbon reel may not be able to rotate and consequently the ribbon will not dispense.</p>
